## DETAILED ACTION

### *Drawings*

1. Color photographs and color drawings are acceptable only for examination purposes unless a petition filed under 37 CFR 1.84(a)(2) is granted permitting their use as acceptable drawings. In the event that applicant wishes to use the drawings currently on file as acceptable drawings, a petition must be filed for acceptance of the color photographs or color drawings as acceptable drawings. Any such petition must be accompanied by the appropriate fee set forth in 37 CFR 1.17(h), three sets of color drawings or color photographs, as appropriate, and, unless already present, an amendment to include the following language as the first paragraph of the brief description of the drawings section of the specification:

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

Color photographs will be accepted if the conditions for accepting color drawings have been satisfied.

The examiner notes if the photographs are denied as acceptable drawings than the only drawings that will be issued will only be figure drawings 1-45.

### *Conclusion*

2. This application is in condition for allowance except for the following formal matters:

1) Renumber the steps on claim 15.

2) Remove the bullets in claim 11 after step f and in claim 17 after step c. Replace the bullets with roman numerals (e.g. i, ii, iii) or the like.
